

Enabling Windows 7 Task Scheduler History

<https://bcrawfordjr.wordpress.com/2009/08/30/enabling-windows-7-task-scheduler-history/>

Windows 7 Task Scheduler history is disabled by default out-of-the-box and you may want to enable the history feature.

Enabling History for Task Scheduler

1. Open an elevated *Task Scheduler*, refer to "[Opening Windows 7 Task Scheduler](#)" blog post.
2. In the Actions pane, click Enable All Tasks History.

Platforms Tested

- Microsoft Windows 7 Ultimate Edition
